

## **Goin' Back 10 Years**

### **CHORUS**

Going back ten years  
*port-citay*  
Take a look in the past  
*in our time machine*  
To see where we've come from  
*we gotta time machine!*  
And see what's next  
*who's got a time machine!*

### **VERSE**

Yo its been 10 years, and so many mo to go  
A lot of things has changed, but we never changed the flow  
So rewind a decade, as we go back in time  
To where it all started, (back in 1999)

Sunday mornings, Roland Grise, don't sound like much fun  
But it's a different kind of feeling, (in the auditorium)  
"Whatcha say the first service of church to a guest?"  
Ashcraft said it best, with his sweater vest

### **BRIDGE**

*We got a time machine*  
*We're we going next with our time machine*

### **VERSE**

Let me set my co-ordinates for 2003  
To when our second service had to be added, ya see  
Yo the chairs in the Grise had started to fill up  
and the sound that they made \_\_\_\_\_ (wuh? wuh?)

2000 and 5, we just run outta space  
With more bodies than chairs, we hadda find another place  
So we tried warwick center then added 12:30  
It did the job then, but the parking wasn't purdy

### **CHORUS**

Going back ten years  
*port-citay*  
Take a look in the past  
*crazy sounding chairs*  
To see where we've come from  
*doing church in a school*  
And see where we'll go next  
*we got's a time machine!*

### **VERSE**

2000 and 7 Fast forward your clock  
We're in 5 locations, (still rolling as a flock)  
Baptisms at the Y, Mayfares in play  
Studio 3 for the students and a building on the way

Looking back on the years there were good ideas, and bad  
Loading up trailers and Warwick was SAD  
But meeting Pastor Jackson, 1-2-7 (That's the BEST!)  
And they'll be nothing better than Ashcraft's sweater vests (FAIL)

### **BRIDGE**

10 years gone by  
so quick so fast  
We hope you've enjoyed  
this blast from the past  
Our mission's the same  
and we're keeping it real  
Reach People, walk with God  
Now you know, that's the deal

#### **VERSE**

There's were series like Pursuit and Sayya that you heard  
Revolution, You Walk, and (My One Word)  
We've finally made it back to 2000 and 9  
and now we're doing church here on (Cardinal drive)

#### **CHORUS**

We've gone back ten years  
*port-city*  
Took a look at the past  
*in our time machine*  
To see where we've come from  
*we gotta time machine!*  
And see what's next  
*who's got a time machine!*
